BANANA'S

So I thought today would be a nice day to learn about some banana's. This is one of the healthiest Natural food sources in the world. No fat, low calories, high in vitamin B6, fiber and potassium. Also containing phosphorus, magnesium, calcium, iron, zinc, coper, selenium, vitamins-A, B1. B2, C, E, K, Niacinand pantothernic acid. Some interesting facts about banana's is that a cluster of banana's is called a hand, and one banana is called a finger.
